### **To holders of Ordinary Shares in the Company**

Dear Shareholder

### **CIRCULAR TO SHAREHOLDERS AND NOTICE OF EXTRAORDINARY GENERAL MEETING**

#### **Introduction**

As announced today, the Company is proposing an Issuance Programme of up to 200 million New Ordinary Shares (the “**Issuance Programme**”). The Company will be publishing a Prospectus in connection with the Issuance Programme in due course.

As the Issuance Programme will not be pre-emptive, the Company is asking Shareholders to approve the disapplication of the pre-emption rights contained in the Articles in relation to the Issuance Programme (the “**Pre-emption Disapplication**”) by way of a special resolution (the “**Pre-emption Resolution**”).

Consequently, the Board is convening the Extraordinary General Meeting in order to put the Pre-emption Resolution to Shareholders.

The purpose of this Circular is to explain the background to, and reasons for, the Issuance Programme and the proposed Pre-emption Disapplication. Notice of the Extraordinary General Meeting at which the Pre-emption Resolution will be put to Shareholders is set out in Part II of this Circular.

**Shareholders should make their own investigation of the proposal set out in this Circular, including the merits and risks involved. Nothing in this Circular constitutes legal, tax, financial or other advice, and if they are in any doubt about the contents of this Circular, Shareholders should consult their own professional advisers.**

#### **The Issuance Programme**

##### *Background to, and reasons for, the Issuance Programme*

The Company launched in March 2014 raising £160 million through the issue of 160 million Ordinary Shares. The net proceeds of the IPO were invested in a diverse portfolio of Environmental Infrastructure assets across the solar, wind and environmental processing sectors.

The Company’s portfolio has continued to grow following the IPO, funded through drawdowns on its revolving credit facility and a series of further equity capital raises.

In total, since the IPO, the Company has raised approximately £180 million through the issue of new Ordinary Shares, and has built an attractive and well balanced investment portfolio comprising six solar PV assets, 13 onshore wind farm assets and five environmental processing assets (including two anaerobic digestion assets).

The Company continues to see a significant pipeline of attractive opportunities to acquire Environmental Infrastructure assets, both from the John Laing Group and third parties, and wishes to ensure that it is in a position to capitalise on these opportunities as and when they become available.

Although the Company seeks, where appropriate, to use its Facility to give it the flexibility to acquire further assets on a timely basis, it is not the Company's policy to maintain long-term gearing at Fund level. On this basis, the Company intends (where it considers it appropriate) to issue Ordinary Shares from time to time in order to recapitalise the Facility (or, if appropriate, to make new investments) using the proceeds of such issues.

Accordingly, the Board has decided to seek Shareholder approval to issue up to 200 million New Ordinary Shares pursuant to the Issuance Programme at the Extraordinary General meeting to be held at 10.30 a.m. on 2 March 2018. The Company will also publish a Prospectus in connection with the Issuance Programme in due course.

#### *Benefits of the Issuance Programme*

The Directors believe that the Issuance Programme will have the following benefits:

- the Company will be able to repay existing borrowings under the Facility, thereby freeing up capacity in order to fund acquisition opportunities;
- it should enable the Company to take advantage of investment opportunities as they arise in the future, mitigating the risk of cash drag;
- it will enable the Company to raise additional capital quickly, in order to take advantage of discrete pipeline investment opportunities;
- the market capitalisation of the Company will increase, and secondary market liquidity of the Ordinary Shares is expected to be improved;
- additional acquisitions will further grow and diversify the Company's portfolio;
- the Company's competitive position will be increased by it becoming a larger market participant and through growth in its portfolio; and
- the Company's fixed running costs will be spread across a larger equity capital base, thereby further reducing the Company's ongoing charges ratio.

#### *Overview of the Issuance Programme*

The Directors intend to implement the Issuance Programme to enable the Company to raise additional capital. Under the Issuance Programme, the Company is proposing to issue up to 200 million New Ordinary Shares. Issues under the Issuance Programme may be undertaken by way of Offers for Subscription, Placings or Intermediaries Offers (or any combination thereof).

The Issuance Programme is flexible in that it may have a number of closing dates in order to provide the Company with the ability to raise capital over a period of time, enabling the Company to take advantage of investment opportunities as they arise in the future, mitigating the risk of cash drag.

The net proceeds of the Issuance Programme are dependent on: (i) the aggregate number of New Ordinary Shares issued pursuant to the Issuance Programme; (ii) the price at which such New Ordinary Shares are issued; (iii) the number of New Ordinary Shares issued pursuant to each separate Issue under the Issuance Programme; and (iv) whether the relevant Issue is carried out by way of an Offer for Subscription, Placing or an Intermediaries Offer.

The net proceeds of each Issue undertaken pursuant to the Issuance Programme will be used to repay amounts drawn under the Facility and/or to fund acquisition opportunities in accordance with the Company's investment policy, subject to the circumstances at the time of each Issue.

### *Issuance Programme Price*

The Directors (in consultation with Winterflood and the Investment Adviser) will determine the Issuance Programme Price in respect of each Issue. In making their determination, the Directors will follow the following principles:

- (a) The Issuance Programme Price in respect of any Issue will be calculated by reference to the most recently published Net Asset Value of the then existing Ordinary Shares together with a premium intended to at least cover the direct costs and expenses of that Issue.
- (b) No New Ordinary Shares will be issued at a discount to the most recently published Net Asset Value per Ordinary Share at the time of the relevant allotment.
- (c) The Company will not issue any New Ordinary Shares at a discount of 10 per cent. or more to the middle market price of the Ordinary Shares at the relevant time without further Shareholder approval by way of an ordinary resolution.
- (d) The Directors will have regard to the potential impact of the Issuance Programme on the payment of dividends to Shareholders, with the intention that the Issuance Programme should not result in any material dilution of the dividends per Ordinary Share that the Company may be able to pay.

The Issuance Programme Price for an Issue may be a fixed price or may be determined by a bookbuild where prospective investors indicate the number of New Ordinary Shares for which the prospective investor wishes to subscribe and the price or price range that the prospective investor is offering to pay, or by such other method as is determined by the Directors (in consultation with Winterflood and the Investment Adviser).

New Ordinary Shares issued pursuant to the Issuance Programme will rank *pari passu* with the Ordinary Shares then in issue (save for any dividends or other distributions declared, made or paid on the Ordinary Shares by reference to a record date prior to the allotment of the relevant New Ordinary Shares).

All the New Ordinary Shares will be in registered form and eligible for settlement in CREST. Temporary documents of title will not be issued.

Application will be made to the UK Listing Authority for all of the New Ordinary Shares to be issued pursuant to the Issuance Programme to be admitted to the premium segment of the Official List, and to the London Stock Exchange for all such New Ordinary Shares to be admitted to trading on the Main Market. It is expected that Admissions in respect of the Issuance Programme will become effective, and that dealings for normal settlement in New Ordinary Shares issued pursuant to the Issuance Programme will take place, between the date of publication of the Prospectus and the date that is twelve months after such date of publication.

### **The Pre-emption Disapplication**

In accordance with the requirements of the Listing Rules in relation to companies with a premium listing, the Company's Articles give Shareholders pre-emption rights over any issue of further shares of a class held by such Shareholders. The pre-emption rights may be disapplied pursuant to a special resolution of Shareholders.

As the Issuance Programme will not be pre-emptive, Shareholders are being asked to approve, by way of the Pre-emption Resolution, the allotment and issue of up to 200 million New Ordinary Shares (being the maximum number of New Ordinary Shares that could be issued pursuant to the Issuance Programme) on a non-pre-emptive basis. The maximum number of New Ordinary Shares that could be issued pursuant to the Issuance Programme would represent 52.8 per cent. of the total issued share capital of the Company as at the date of this Circular. Such approval will expire on the date that is twelve months after the date of publication of the Prospectus regardless of whether any New Ordinary Shares have been issued before that time and will be limited to the allotment and issue of New Ordinary Shares pursuant to the Issuance Programme. The Pre-emption Resolution will be put to Shareholders at the Extraordinary General Meeting.

If the Issuance Programme meets its maximum size of 200 million New Ordinary Shares, the share capital of the Company in issue at the date of this Circular will, following the Issuance Programme, be

increased by 52.8 per cent. as a result of the Issuance Programme. On this basis, if the Company issues the maximum 200 million New Ordinary Shares available under the Issuance Programme and an Existing Shareholder does not acquire any New Ordinary Shares in the Issuance Programme, his or her proportionate economic interest in the Company will be diluted by 34.6 per cent. However, Existing Shareholders should note that all New Ordinary Shares issued under the Issuance Programme will be issued at a price calculated by reference to the most recently published Net Asset Value of the then existing Ordinary Shares together with a premium intended to at least cover the direct costs and expenses of the relevant Issue.

### **Extraordinary General Meeting**

The Pre-emption Resolution will be put to Shareholders at the Extraordinary General Meeting, which is being convened for 10.30 a.m. on 2 March 2018. The Notice of the Extraordinary General Meeting is set out in Part II of this Circular.

The Pre-emption Resolution will be proposed as a special resolution requiring the approval of a majority of not less than 75 per cent.

All Shareholders are entitled to attend, speak and vote at the Extraordinary General Meeting and to appoint a proxy to exercise that right.

### **Action to be taken**

Shareholders will have received, or will shortly receive, a Form of Proxy for use by Shareholders in relation to the Extraordinary General Meeting. Whether or not you propose to attend the Extraordinary General Meeting in person, you are requested to complete the Form of Proxy and return it to the Company's Receiving Agent, Link Asset Services, at PXS1, 34 Beckenham Road, Beckenham, Kent BR3 4ZF as soon as possible but, in any event, so as to arrive by 10.30 a.m. on 28 February 2018, or not less than 48 hours before (excluding weekends and bank holidays) the time for holding any adjourned meeting, as the case may be.

Completion and return of Forms of Proxy will not prevent you from attending and voting in person at the Extraordinary General Meeting should you wish to do so.

### **Recommendation**

The Board believes that the proposed Pre-emption Disapplication is in the best interests of the Company and Shareholders as a whole and unanimously recommends that Shareholders vote in favour of it, as all of the Directors intend to do in respect of their own beneficial holdings of Ordinary Shares which, as at the date of this Circular, amount in aggregate to 224,807 Ordinary Shares (representing approximately 0.06 per cent. of the existing issued ordinary share capital of the Company).

Yours faithfully

**Richard Morse**

#### NOTES TO THE NOTICE OF THE EXTRAORDINARY GENERAL MEETING:

1. A member is entitled to attend and vote at the meeting provided that all calls due from him/her in respect of his/her shares have been paid. A member is also entitled to appoint one or more proxies to attend, speak and vote on his/her behalf at the meeting. The proxy need not be a member of the Company. Shareholders will have received, or will shortly receive, a Form of Proxy which should be completed in accordance with the instructions in the notes to the Form of Proxy. To be effective, the instrument appointing a proxy (together with any power of attorney or other authority under which it is executed or a duly certified copy of such power) must be sent to Link Asset Services at PXS1, 34 Beckenham Road, Beckenham, Kent BR3 4ZF, by no later than 10.30 a.m. on 28 February 2018, or not less than 48 hours before (excluding weekends and bank holidays) the time for holding any adjourned meeting, as the case may be. A corporation may execute a proxy under its common seal or by the hand of a duly authorised officer or other agent. Completion and return of the Form of Proxy will not preclude members from attending and voting in person at the meeting.
2. A special resolution of the members (or of a class of members) of the Company means a resolution passed by a majority of not less than 75 per cent.
3. The quorum for the Extraordinary General Meeting is at least one member present in person or by proxy and holding 5 per cent. or more of the voting rights available at such meeting.
4. Joint registered holders of shares shall not have the right of voting individually in respect of such share but shall elect one of their number to represent them and to vote whether in person or by proxy in their name. In default of such election the person whose name stands first on the register of members of the Company shall alone be entitled to vote.
5. In accordance with Regulation 41 of the Uncertificated Securities Regulations 2001, the Company specifies that only those members registered on the register of members of the Company at close of business on 28 February 2018 (or in the event that the meeting is adjourned, only those members registered on the register of members of the Company as at close of business on the day which is two days prior to (excluding weekends and bank holidays) the adjourned meeting) shall be entitled to attend in person or by proxy and vote at the Extraordinary General Meeting in respect of the number of shares registered in their name at that time. Changes to entries on the register of members after that time shall be disregarded in determining the rights of any person to attend or vote at the meeting.
6. You may also submit your proxy electronically using the Share Portal service at [www.signalshares.com](http://www.signalshares.com). If not already registered for the Share Portal, you will need your Investor Code located on your share certificate.
7. A copy of this Notice of the Extraordinary General Meeting is available on the Company's website: <http://www.jlen.com>.
8. The total issued share capital of the Company as at the date of this Notice of the Extraordinary General Meeting is 378,477,029 Ordinary Shares. Pursuant to the Articles, on a show of hands every member (being an individual) present in person or by proxy or (being a corporation) present by a duly authorised representative shall have one vote, and one vote per Ordinary Share on a poll (other than the Company itself where it holds its own shares as treasury shares). As at the date of this Notice of the Extraordinary General Meeting, there are no outstanding warrants and/or options to subscribe for Ordinary Shares and there are no treasury shares in issue.
